

DO NOT MISS THE OPPORTUNITY TO JOIN THIS PARTY

Do not miss opportunity to improve your life and that of the people you care about! **Equity & Equality Party, (EEP)** is the only political party in Kenya offering opportunity for Honest and Hard Working grass-root and professional individuals to rise into political leadership for free! Politics is about Public Service – Work with us; Join us to bring back the spirit of service back to politics – Would you want to miss this opportunity? Join us today: - Be the PARTY!

The Party seeks to provide and promote equitable economic development and good governance at County and National levels that respects and faithfully implements the Kenya constitution 2010.

Politics is about public service. EEP seeks to return the spirit of service in to the Kenyan political discourse. For too long Kenyan politics have been held captive by the needs of a tiny rich and exclusionary elite; while the needs of the ordinary citizen are forgotten and ignored. People should go into public life to serve the people – not the other way round.

Why EEP?

1. EEP seeks to encourage ordinary Kenyans who serve in positions of leadership in their churches, community service organizations and professional bodies to join the EEP so that we can sponsor them for political positions. EEP is giving these honest and truthful leaders “a platform to stand on so that they can change the world.”
2. Kenya is a truly amazing country with diverse and vibrant cultures, and hardworking people. A country with immense potential economic, social and cultural leadership in the regionally and globally. Tribalism and corruption remain the two main nemesis of building a great country, whose success is shared by all our people. EEP seeks to change this narrative, and build an inclusive, equitable and just Kenyan society.
3. EEP seeks to build participatory and people-centered development in partnership with local communities, civil society, the private sector and Kenyans in-country and in diaspora.
4. EEP will pursue, protect, and promote civil, political, economic, religious, socio-cultural rights and freedoms of the individual and groups based on universal standards as defined in national, regional and international human rights instruments.

OUR VISION:

“EQUITY & EQUALITY FOR ALL KENYAN PEOPLE”.

The Party envisions a country that faithfully affirms and religiously implements the constitutional values and principles of governance contained in Article 10 of the Kenya constitution.

5. EEP will change the titles given to Members of various representative organs of legislative assemblies including County Assembly, National Assembly and the Senate from Waheshimiwa to Watumishi. Language is powerful, and this change will help our people understand that public offices exist for their good – and that the holders of these offices exist to serve them.

6. EEP will protect and promote the democratic principle of separation of powers between the Legislature, the Executive and the Judiciary as well as those between the structures of the National Government and County governments.

7. EEP is committed to building “A Kenya for all Kenyans”

where economic growth is felt across the nation, families have decent and secure sources of livelihood, hard work is rewarded and society takes care of its young, vulnerable and older people. Our manifesto will set out this commitment based in our key priorities for creating “A Kenya for all Kenyans.”

8. All members of EEP will jointly write the PEOPLE's Manifesto. In the lead up to the elections, guided the constitution, all members of the Equity and Equality Party, will work together to write the EEP manifesto. The manifesto will reflect interests of every member of the party, right from their own village, sub-county, county and National level interests.
